EDUCATION

BSc in Software Engineering   08/2022 – 06/2026
Addis Ababa Science and Technology University 🔗   Addis Ababa, Ethiopia
- Relevant Coursework: Internet Programming, Database Systems, Object-Oriented Programming, Operating Systems, Data Structures and Algorithms.

Coding Academy -- Backed by Google   02/2024 – 11/2025
Africa To Silicon Valley 🔗   Addis Ababa, Ethiopia
- A2SV upskills high-potential African students, connects them with top tech companies, and creates digital solutions to urgent problems in their home countries.
- A2SV has successfully placed over 50 students at leading tech companies including Google, Bloomberg, Databricks, Amazon, LinkedIn, and Square in the past years.

PROFESSIONAL EXPERIENCE

Software Engineering Intern   07/2024 – 09/2024
Escalate 🔗   Addis Ababa, Ethiopia
- Designed a responsive landing page and built **5+** front-end pages and features that enhanced user experience.
- Integrated API with 10+ endpoints, using RTK Query.
- Reviewed code for quality assurance, ensuring adherence to best practices and high standards.

PROJECTS

Soundrig Artist App 🔗   06/2024 – 11/2024
- Designed user interface for a music platform with **5,000+** users using **Next.js**, **Tailwind CSS**, and **Mantine UI.**
- Collaborated with 6 developers to design and implement **10+** responsive pages.

Endubis Wallet App 🔗   05/2024 – 10/2024
- Created a wallet app that gives blockchain services, now used in **10+** African countries.
- Led the integration of version control practices among team members which increased our project delivery speed.

Bank Dashboard 🔗   07/2024 – 09/2024
- Built a dashboard for a banking system with **4** team members and implemented responsive pages.
- Demonstrated exceptional dedication as a front-end developer using **Next.js**, **Tailwind CSS**, and **Redux Toolkit**, and presented the project to the judges.

ACHIEVEMENTS AND EXTRACURRICULAR

800+ Problems Solved on LeetCode and Codeforces   09/2024
- Mastered algorithmic thinking through solving **800+** problems across Leetcode 🔗 and Codeforces 🔗 platforms.

Semi-finalist on ICT Incubation Program   04/2023
- Participated in an incubation program that lasted for **4** months.
- Implemented digital marketing strategies, including SEO, social media campaigns, and content creation.

SKILLS

Programming Languages -- JavaScript, TypeScript, Python, MySQL | **Frameworks / Libraries --** React.js, Next.js, Tailwind CSS, Redux Toolkit
